Summary of reasons for decision:

The DVD is sexually explicit. Three excisions are required to remove highly degrading, dehumanising and demeaning sexual conduct. In this instance the excision was declined by the distributor.

The classification is a reasonable limitation on the freedom of expression that reflects the concern of a free and democratic society to limit the availability of publications which depict degrading, dehumanising and demeaning sexual activity to such a degree that their availability is likely to be injurious to the public good.
